

Check List:

- ☐ The colour scheme : I would prefer the dark mood and I like the original colour pallet.
- ☐ The text font can be a little better (is this possible ?)
- ☐ The top left corner shows MK- (can we take out the hype or do you think my name should be mentioned ?)
- ☐ Before the STRATEGIC MARKET Research mention AVAILABLE IMMEDIATELY without mentioning the region.
- ☐ **Under what I bring to the table:** remove feasibility studies and instead mention Competitor Analysis and in the subsection you can mention First-mover advantage identification, Brand perception mapping and KPI tracking & reporting dashboards. (the images are uploaded on the drive.)
- ☐ **Under the case study for Kcal World mention the below description and an image for this section is added in the drive:** "Led end-to-end primary market entry research across 2+ regional markets for a leading health F&B brand. Applied the 4Ps framework, PEST, SWOT, and CBBE modeling to diagnose a 25% gap between consumer perception and brand positioning. Conducted in-depth competitor analysis to identify the optimal distribution aggregator, securing a first-mover advantage in an underpenetrated channel, and designed a content-led repositioning strategy."
- ☐ **Under the Case study for Keko Mention this description and a video for this section is added in the drive:** "Orchestrated pre-launch consumer intelligence and audience segmentation for a global luxury automotive campaign entering the GCC. Conducted cultural alignment research to localize global brand messaging, audited 4+ premium competitor digital presences, and built a cross-platform content roadmap — culminating in a curated 360-degree campaign plan that unified insights, positioning, and channel strategy into a cohesive market entry blueprint."
- ☐ **Under Yalla Tager an image of the logo has been added for this in the drive**
- ☐ **Under the MADA Competition 2025 the layout can be like this:**

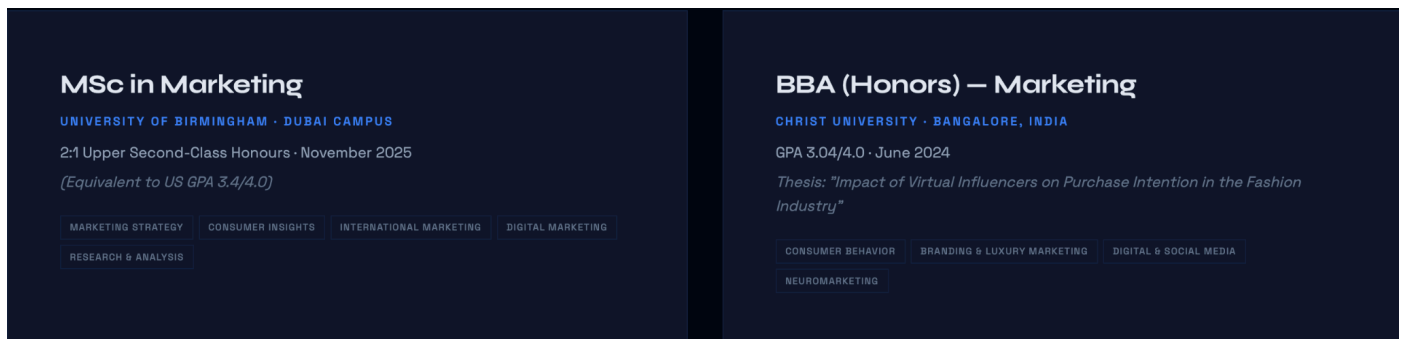

MADA COMPETITION 2025 MOHAMED HILAL GROUP	
04	KHALTAT Blends of Love
The Description	
6 Platforms 7-day Launch Sprint 20% Engagement Target	The video
#OneLoveManyStories (italic)	
Campaign Strategy	7-Day Launch Timeline
Brand Awareness, Persona Development, Content Strategy, Experiential Marketing, AR campaign, Influencer Strategy, CSR Integration	

If the font of these are bold, it would be nice and the image for the background is added in the drive. Also can the text color be in gold or white based on how it looks plus as the brand color scheme is white and gold could we incorporate it it would be great.

- ☐ Remove Budget Allocation image
- ☐ Under the description add the following content: "Developed a full-scale brand awareness campaign for Khaltat Perfumes across the UAE as part of the MADA Competition, in collaboration with Mohamed Hilal Group. Navigating an active rebrand, conducted consumer persona development and cultural insight research to realign messaging with Khaltat's evolving brand identity — rooted in love, heritage, and modern fragrance culture. Translated insights into a 7-day experiential launch strategy, designing

touchpoints that bridged the brand's legacy positioning with its refreshed market presence to drive awareness and emotional resonance with a new generation of fragrance consumers."

- ☐ **Under the Campaign Strategy** in the subsection of *Communication Objectives* add the following point:
